---

## **Summary**

Front-end / Full Stack junior web developer, with high organizational ability, and excellent interpersonal communication with my managers, colleagues and subordinates in the organization.

I am looking for the opportunity to grow and thrive both professionally and personally and always eager to learn new skills.

in my project "Homie", i had to learn and implement technologies, which were new to me, and that is something i am really enthusiastic about when building new project.

My latest project, my portfolio: <https://my-portfolio-theta-fawn.vercel.app/>
